All alone I go through the night  
Along the walk ways wandering  
With an empty bottle that fills my life  
A sleeping lullaby's scares a mice  
Hard to lay on a bed of ice  
But I refuse to face the truth  
And this is all that I can do  
My heart is here in God it lays  
I'm just like you oh, please don't run Away

Hey you! Pass and then you never stop  
If you want have a little time to talk  
I never loose my dignity  
I am the prince  
So why are you afraid of me?  
It's you and your eyes don't wanna see  
No way to loose my dignity  
Things never change  
I live my life alone among you

Every single day and every night  
The life you're worried about tonight  
You have to know it's all for me  
My one and only way to be  
My heart is here in God it lays  
So don't avoid me

I'm just like you oh, please don't run Away

Hey you! Pass and then you never stop  
If you want have a little time to talk  
I never loose my dignity  
I am the prince  
So why are you afraid of me?  
It's you and your eyes don't wanna see  
No way to loose my dignity  
Things never change  
I live my life alone among you

Hey you! Pass and then you never stop  
If you want have a little time to talk

I never lose my dignity  
I am the prince  
So why are you afraid of me?  
It's you and your eyes don't wanna see  
No way to lose my dignity  
Things never change

Hey you! Pass and then you never stop  
If you want have a little time to talk  
I never lose my dignity  
I am the prince

Things never change  
I walk alone
