You have the right to remain silent, anything you say  
Can and will be used against you in a court of law.  
To strip away the myth from the man is only dealing  
With the symptoms in the critical condition, the disease  
is  
Untouched.  
You saw what they did to me,  
Don't tell me to forget.  
Have you no sense of decency?  
How can you justify arrest?  
And now the charges are enraged  
(Within this ceremony)  
Imprisoned with a kiss, betrayed  
(Within this ceremony)  
The crucifixion of the faith  
For all the loved ones left unnamed  
We fought to give them life,  
We touched the very soul  
In the ancient funeral, the ceremony rites.  
His faith relentlessly attacked and destroyed  
When your enemy can find a way of  
Twisting your motives, believe he will.  
To be convicted without fatal charm's infection,  
When the perfect light upon him was corrupted by void,  
Self-righteously judged.  
To die in the line of duty, I am complete in its truth.  
If you have died unto the world, what can the world do  
to you?  
Into the darkness of the night  
(Begins the ceremony)  
Into the shadow of a dream  
(Begins the ceremony)  
Announce the coming of the white prophet  
And take this cup away from me,  
And stand in the light the superstar beholds,  
In the ancient funeral, the ceremony rites.  
We are conceived as the first circle, the book of  
knowledge surely  
tells,  
We are all part of an unseen conflict within the world  
And within ourselves.  
And now we're closer to the light

(Release this ceremony)  
And now we must prepare the way  
(Release this ceremony)  
Remove the ancient boundaries to give the son of man  
his day,  
To roll away the stone and rise to the thrown  
In awaited resurrection, the ceremony cries.
