Sounds in the attic  
See inside the show  
Watch as you go  
watch as you go

Trapped in some place  
The entity fades

Watch them crawl on me  
Claiming redemption  
They're coming to your town

There's nothing inside  
There's nothing inside

Assassination  
When the cat came home

Lurking in the doorway  
I saw him hang by the power  
Covered in scabs  
covered in scabs  
Covered in scabs

Assassination  
When the cat came home
