[Intro]

La, di di da, di di da, da de da da

He's officially zoning...

In the zone, in the zone, in the zone

Whoa!

Here we go!

In my zone

I'm in my zone

You can't stop me

Back up, back up, back up, back up, back up...

Zoom, zoom, zoom, zoom, zoom, zoom, zoom...

Back up, back up, back up, back up, back up...

Zoom, zoom, zoom, zoom, zoom, zoom, zoom...

[Verse 1]

I'm focused, I'm loc'n, I'm zonin', you Jonesin'

I get it in, you get it out, my heart way bigger than a grown man

You burn fire, I burn lava, I spit poison, you spit saliva

We the same age but I'm still like your father

I will not lose - I'll singe you, I'll pass you, I'll crash you

Run through you and your whole crew

It get to the point where... I need to get two

I chop and screw the lightning, swallow thunder

Then I park in mid-air, roll up to lightning, blow it out

Cerebellum can't handle critics who yellin'

Straight forward like Iron Man, no stainless steel propellers

Satisfied, never I, like that Arkansas guy

Fingertips itchy if you comin' next to my ride

I'm zonin'...

[Hook]

La, di di da, di di da, da de da da

Back up, back up, back up, back up, back up...

In the zone, in the zone, in the zone, in the zone (zoom...)

He's officially zoning...

La, di di da, di di da, da de da da

Back up, back up, back up, back up, back up...

In the zone, in the zone, in the zoneÂ...
Zoom, zoom, zoom, zoom, zoom, zoom, zoomÂ....

[Verse 2]

Bright lights and the big screen
Man this be my kid dream
Since 15, IÂ've seen this scene
With a chickÂ's face, and a kidÂ's scream
Just wish my mama couldÂ've been here
Wish my brother could be free
Wish my daddy was still alive
Wish my granny could still see
Me ball out like them ball players
Now my best friends be ball players
And my girlfriends got girlfriends
And we all laugh, we all players
I remember sittinÂ' in the projects
DaydreaminÂ' like we got next
And IÂ'm ridinÂ' around with World Peace
In Queensbridge we call him Artest
Came forward, yes Â- go back, no
What you think I rap for?
Same reason he used to trap for
With the pit bulls by the back door
Got a lot of people that hate me
They hate me Â'cause they ainÂ't me
And thatÂ's the bottom line, bottom line, yupÂ...
Frankly, IÂ'mma keep this between you and me
I ainÂ't worried Â'bout that scrutiny
Only thing that IÂ'm worried about
Is them young boys when they shootinÂ', B
Scared that they might shoot me
I pray to God they ainÂ't shoot me
But IÂ'm in the zone, IÂ'm in the zone
IÂ'm feelinÂ' like IÂ'm 2-3

[Hook 2]

La, di di da, di di da, da de da da
Back up, back up, back up, back up, back upÂ...
In the zone, in the zone, in the zone
Zoom, zoom, zoom, zoom, zoom, zoom, zoomÂ....

[Bridge 1]

IÂ'm in my zone with my pants sagginÂ'
Put that on my headÂ...
Zone with my pants sagginÂ'
Put that on my headÂ...
And IÂ'm ready to go, IÂ've got my swag like itÂ's
game time
And IÂ'm ready to go, IÂ've got my swag like itÂ's
game time

Iâ'm in my zone with my pants sagginâ'
Put that on my headâ...
Zone with my pants sagginâ'
Put that on my headâ...
And Iâ'm ready to go, Iâ've got my swag, got my swag,
got my swagâ...

[Bridge 2]

Whoa!

Here we go!

In my zone

Iâ'm in my zone

Where are my haters now?

Back up, back up, back up, back up, back upâ...

Zoom, zoom, zoom, zoom, zoom, zoom, zoomâ....

Back up, back up, back up, back up, back upâ...

Zoom, zoom, zoom, zoom, zoom, zoom, zoomâ....

[Hook]

[Outro]

Heâ's officially zoningâ...
