The lightning flash in the plate glass
The reflection spears a hole in the back of my eyes
But an old man saunters nearby
Not noticing the flash on the chrome bars inside
I got you down on your bended knees
You begged for more - treatment please
Why can't you let it be - a tree stump twists
Your love shall not be missed
But you don't care, you just don't care
Well if there ain't no feelins there
I bet you don't care
A queen - the queen of hearts
Shes more than one man can stand
But shell be walking through the courtyard
In hand with another man
A king - the king of spades
Hes watching from the wings
But his mind is not into the show
Because he's into other things
Oh but he don't care, he just don't care
Well, if there ain't no feelins there

I bet he don't care No
But in the house with the open doors
I caught you weeping - yes you were
Clutching on to the relics that your lover once had
You're looking for a man with an iron fist
Well I said an eye for your beauty
Pulled at the heart for the sad
Oh but he don't care, he just don't care
Well if there ain't no feelins there
I bet he don't care
You just don't care, you just don't care
Well if there ain't no feelins there
I bet you don't care
I bet you dont care, you just dont care
You just dont care, you just dont care
No, I bet you dont care, you just dont care
I bet you dont care, you just dont care
I bet you dont care, you just dont care
No, I bet you dont care, you just dont care
Oh I bet you dont care, you just dont care
I bet you dont care, you just dont care [fade]
