Chorus:

You got four seconds girl, I hope you getting ready  
Cause three, of course I'm gonna kiss you down your  
neck  
Cause two , tell me when you're feeling getting ready  
One, you already know what comes next, you got...

It's something out the ordinary  
Waking by the bed, a couple strawberries  
Time to get it with you, you, you  
And I can't wait to show you, when you make it home,  
boo  
We can role play, I'll be the secretary  
Love you every month, next June and February  
Go to work, baby!  
All night long don't keep me waiting long  
You can start counting:

Four  
I don't care, baby, as long as I can get  
Three  
Tell me and I'll do anything you want  
Two  
Don't be afraid to let me know that I'm alone  
For you!

Chorus:

You got four seconds girl, I hope you getting ready  
Cause three, of course I'm gonna kiss you down your  
neck  
Cause two , tell me when you're feeling getting ready  
One, you already know what comes next, you got..  
Four seconds girl, I hope you can get ready  
Cause three, of course I'm gonna kiss you down your  
neck  
Cause two , tell me when you're feeling getting ready  
One, you already know what comes next, you got..

That shit kray, how did this love get you kray  
Now I'm fucking with no other bitches  
And she don't fuck with no other niggers

I don't know why!  
Now all the friends ain't fucking with us  
Yeah, should have known she was about that life  
She didn't really wanna be hitting him up  
Cause she rather be at home with her nigger playing  
wife  
Doing it  
All night long, don't get me waiting long!  
We can start counting:

Four  
â€|baby girl justâ€|  
Three  
Sit down on my face, I don't care â€| you want to!  
Two  
Don't be afraid girl to let him know  
I'm the one  
For you!  
Cause I'll be saying!

Chorus:  
You got four seconds girl, I hope you getting ready  
Cause three, first I'm gonna kiss you down your neck  
Cause two , tell me when you're feeling getting ready  
One, you already know what comes next, you got  
Four seconds girl, I hope you getting ready  
Cause three, first I'm gonna kiss you on your neck  
Cause two , tell me when you're feeling getting ready  
One, you already know what comes next, you got
