(Verse)

Oh baby  
And I'm the one who's waiting on  
'Cause shawty I've been waiting for you  
Yeah baby,  
I happy that you don't take too long  
'Cause that's gon' say now how I wanna do  
I wanna try, foreplay while we on a highway  
Get clothes off when we pull up in the driveway  
We can go to your place, we can go to my place  
Long as I can get it, get it  
Put that thing inside of me

(Chorus)

And I'ma put it on ya  
'Cause who's gonna love you  
The way that you do, you know that  
I'ma put it on ya  
And I don't want nobody but you  
(Don't want nobody baby)  
Say what, say what  
Do that freaky shit I'll make you love it  
But I'm such a lady when you take me out in public  
That's how I put it on ya  
And I don't want nobody but you  
(Don't want nobody baby)

(Verse)

She bad as hell swagged down  
And shawty wanna know what this business like  
I just touched down, your town  
Text me girl when you get in tonight  
Like JD baby I lid the light  
Young boss bitch, better get it right  
In the club trying, ace of spades  
Two bottles cost like 3.000  
And I ball as shit, I be about it  
That money shit I speak around it  
Drop 12 grand on the floor  
Say I fucking lay down, make that money pow  
Moved to Miami from California

Used to be hot but now I'm scorching  
I'm iced up, these hoes on me  
Got a crazy drill, George Foreman

(Chorus)

And I'ma put it on ya  
'Cause who's gonna love you,  
The way that you do, you know that  
I'ma put it on ya  
And I don't want nobody but you  
(Don't want nobody baby)  
Do that freaky shit I'll make you love it  
But I'm such a lady when you take me out in public  
That's how I put it on ya  
And I don't want nobody but you  
(Don't want nobody baby)

(Bridge)

I will kiss you on your neck  
Put you fingers through my hair  
Don't be afraid to say yes  
'Cause we gotta go your way  
I am the only one  
That can make you feel this way  
I am the only one  
That can get it looking like  
Come get your sexy tonight

(Chorus)

And I'ma put it on ya  
'Cause who's gonna love you,  
The way that you do you know that  
I'ma put it on ya  
And I don't want nobody but you  
(Don't want nobody baby)  
Do that freaky shit I'll make you love it  
But I'm such a lady when you take me out in public  
That's how I put it on ya  
And I don't want nobody but you  
(Don't want nobody baby)
