I wont be that lie that you just told  
I'll sit and listen but only for one drink  
There is nothing that you can say that I don't know  
Cause you know how I feel, But I know how you think

This is always how it starts  
This is always how it goes  
It's too easy in the dark  
For us to get to close

Baby I'm not the answer  
I wont be the enemy  
I wont be the problem  
This has nothing to do with me  
So you go back to her  
And I will be alone  
Cause I wont build my dreams  
While you are tearing down a home

You say there is nothing left to say  
She treats you like a stranger  
You don't know her anymore  
But you can't use me to run away  
Clean up that mess you made behind that broken door

So can you please just walk away  
Don't make it harder then it is  
Cause you just might change my mind  
With a touch or with a kiss

Baby I'm not the answer  
I wont be the enemy  
I wont be the problem  
This has nothing to do with me  
So you go back to her  
And I will be alone  
Cause I wont build my dreams  
While you are tearing down a home

Maybe it's really over  
Maybe there is nothing left of love

Maybe I made it too easy  
For you to not try hard enough

Baby I'm not the answer  
I wont be the enemy  
I wont be the problem  
This has nothing to do with me  
So you go back to her  
And I will be alone  
Cause I wont build my dreams

Baby I can't buiid my dreams  
While your Tearing Down a Home
