[Verse 1]

I was gonna give her everything (oh yeah)  
From gold to diamond rings (yeah)  
Guess I wasn't good enough for her (oh yeah)  
Guess I would've made things worse (oh)  
But I just wish that she could see (oh yeah)  
How good things could be  
If she took a chance with me  
I promise she'd never wanna leave

[Chorus]

Girl, you know you're the  
Apple of my eye  
Angel in the sky  
Dream come true  
Girl, it's only you (baby)

And you know you're the  
Apple of my eye  
Angel in the sky  
Dream come true  
Girl, it's only you

[Verse 2]

So now you're with another guy (oh yeah)  
Seen you together the other night  
But when I look into your eye (oh yeah)  
I can see you're not so satisfied (oh yeah)  
That's why I wish that you could see (oh)  
How good things would be  
If you took a chance with me  
I promise you'd never wanna leave

[Chorus]

[Instrumental Break]

[Chorus] x2
