You can make lots of money
without tryin' at all
You can own a big house
shop every day of the month
But it don't mater baby what you got to show
You can't take it with you when you go

You can have fine clothes be in the latest trend
You might have Kings and Queens as your friends
But it don't matter baby who you know
You can't take it with you when you go
You can have a Cadillac sittin' in your drive
You can wear a Rolex Watch to tell the time
But it don't matter baby how you spend you dough
You can't take it with you when you go
I said that you can't take it with you when you go
You can't take it with you when you go
