If you got something to say don't talk about it  
If you got something to do don't think about it  
If you got something to show don't fool about it  
If you want people to know don't be cool about it  
It's so easy  
Just get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Whoo  
If you want a chance to live don't think about it  
If you got love to give don't do without it  
It's so easy  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Whoo  
It's so easy  
Just get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it  
Get on up and do it
