You left me baby, and I know the reasons why  
The sun was shinnin' when you said goodbye  
Everytime fair weather comes around  
I look for you, you're nowhere to be found

Chorus

But when it rains  
But when it rains  
But when it rains  
You'll come runnin' back again

I don't know if I can take anymore  
The sun shines and you walk out the door  
You can't go on doin' me this way  
Leavin' me alone on a blue sky day.

Chorus

You left me baby, and I know the reasons why  
The sun was shinnin' when you said goodbye  
Everytime fair weather comes around  
I look for you, you're nowhere to be found

Chorus

Now when it rains  
You'll come running back again

But when it rains  
You'll come running back again

When it rains  
When it rains  
When it rains  
When it rains
