Overcome today
By the world in focus
Pages filled with things to say
Hold it in my hands
Let it go again
The world just keeps on turning

And in this crowded room
The light is changing
Like it wanted to
Just to say
You're the only one in this room
And all I'll ever want is you

And if I get distracted
Would you hold me still?
I am unfaithful, unfaithful
But by holding on
I wrap myself in cords
Unfold me

In this crowded room
The light is changing
Like it wanted to
Just to say
You're the only one in this room
And all I'll ever want is you

And in the dark, you know I see
That you are all the light I need
And every fear falls to the ground
When you're here with me
When you're here with me

In this crowded room
The light is changing
Like it wanted to
Just to say
You're the only one in this room
And all I'll ever want is you
Only you.
