Yeah

I'm so demented, demonic and dependent
I stand ground with my feet, I cement it (Yeah)
My semen is valued by these women,
Who know a birth royalty ends be so endless

Can't forget this (Nah),
Memory tattoos
I really be that dude, I rarely do act rude
But front Imma act cool
Imma just act cool, then I'll find your girl and go and
run in the back
Room
Back shots, I give her back shots
It's outta spite so I call it pay back shots
Now take that ma, You know she really bad
I got a blown mind and I aint mad
And I aint even brag, I'm too calm for it
She got a fat ass, I got the --- for it
I got the lap for it, if you got the back for it
Go and make it clap
Ohhh
Now go and encore it

Bravo Bravo
I think I hit the lotto
My pockets on fat, Her panties on groudo(idk how to
spell that word)
Haters full throttle, I tell them no hablo
Esco bars, hitting keys like pablo and dime

So young and reckless
So young and reckless
X2

Mented
