Now my tender heart had hardened  
I'm taking walks in my dead garden  
I'm shooting marbles 'cross the floor  
In the maintenance closet at the grocery store

In my little black apartment  
I found love's secret compartment  
And now I keep my things inside  
That's my Dr. Jekyll and Mr. Hyde

Somewhere back there I started drifting  
And I just drifted all away  
Now am I still the man you paid for?  
Am I something completely different in the night and in  
the day?

I was hideous and handsome  
And I held myself for ransom  
Yes I was honest and I lied  
That's my Dr. Jekyll and Mr. Hyde

And I know that you tried  
I was standing on the beautiful downtown skyscraper  
I was looking down the side

But beauty's frail and beauty's passing  
And she soon goes out of fashion  
Then she's just running down the drain  
She'll be always stuck somewhere between big joy and  
big pain

And although she'll always slay me  
I will make her be my baby  
Yes I will take her as my bride

There's a thousand ways to love her  
Open heart and undercover  
And I just never could decide  
That's my Dr. Jekyll and Mr. Hyde
