I was smokin' joints, poppin' pills  
And now I'm feelin' ill  
OH me heart is livin' in  
The sixties still

I took off me clothes in the Odeon  
Just to watch the Woodstock film  
OH me heart is livin' in  
The sixties still

J.F.K. was gettin' shot down  
When Joe Kelly married Phil  
OH me heart is livin' in  
The sixties still

Bob Dylan says timed are changin'  
But I know they never will  
OH me heart is livin' in  
The sixties still  
When Johneen Donnellan held the Sam Maguire  
I was standin' on the hill  
OH me heart is livin' in  
The sixties still

When the Beatles says "She loves you"  
It's your biggest teenage thrill  
OH me heart is livin' in  
The sixties still
