I've been around the world
I've traveled many seas
I've seen a lot of pretty girls
But there is only one girl for me
Only one girl for... Only one girl for...
Only one girl for me
Only one girl for... Only one girl for...
Only one girl for me
The man that I would be
The man that you would hear
I only wish that you could see
The power I have when she is near
Only one girl for... Only one girl for...
Only one girl for me
Only one girl for... Only one girl for...
Only one girl for me
You can call it infatuation
You can call it an act of faith
You can say that I'm only having you on
But there is one thing that I have to say
(There is only one girl)
(Only one girl for... Only one girl for... Only one girl for
me)
