It's those eyes, again
Reminding me of when
I didn't know what I had
When I had you
Now when I see you with you with somebody else
I just smile, and I tell myself

Chorus
It could've been me
By your side
It could've been me
Day and night
Now I know, now I see
It could've been me
Why did I let you go?
It could've been me

Now I can't, say why
I won't let these feelings die
Because they're not doing me
Any good
But everytime I hear your voice again
I start thinking what could've been

Chorus

I could have been yours
And you could have been mine
We could've been together
Till the end of the night
Until the end of our time

Chorus
