She sits alone
And hopes her prince
Will come her way
And she's prepared to wait
Forever and a day

She's dreaming her life away x2

Chorus
When the world stops turning
She'll still be waiting for love
When the sun stops burning
She'll still be waiting for love
When the world stops turning
She'll still be waiting for love

If she don't shake the tree
The peaches won't come down
If she won't take a look
Then nothing will get found

She's wishing her life away x2

Chorus

She's wishing her life away
She could be dancing the night away
She's dreaming her life away
She could be living it every day

When the bombs stop flying
She'll still be waiting for love
When the boys stop dying
She'll still be waiting for love
Chorus x2
