What are you waiting on, what are you waiting for?
It's time to take me home, I'll meet you at the door
And it's okay, if you are, a little shy tonight
Just hold on, I got you
Sit back and enjoy the ride

We've only just begun, we've only just begun
We've only just begun
Let's have a little fun,
We've only just begun, we've only just begun
We've only just begun
Let's have a little fun, tonight
Whoa, whoa

Here's where you place your hands
Right here on my thighs
Here's where you place your lips
And let out the love inside
And it's okay, if you are, a little shy tonight
Just hold on, I got you
Sit back and enjoy the ride

We've only just begun, we've only just begun
We've only just begun
Let's have a little fun,
We've only just begun, we've only just begun
We've only just begun
Let's have a little fun, tonight
Whoa, whoa
