This is complicated  
Love is over rated  
This aint what I need to fall into  
I wish that you could see me  
Wish that you could meet me  
Wish you even new my name  
Cause it aint the same

To be in love with a guy  
Even though your super shy  
Even when he don't seem to see you  
Even though he got a girl  
Who he thinks can rock his world

On the outside she's the sun  
Every guy thinks she's the one  
Next to her I feel so invisible  
My life seems so divisible  
Like...  
Without him I am cut in half  
When I think about him I start to laugh  
It's so funny  
That it just seems  
When were together it's just you and me

I guess this is what is what it's like  
To be in love  
To have just one thing that I'm dreaming of  
He's the only guy I need  
He will be the one who sets me free

I know it's weird  
But I just wanna be  
Anybody else who is not me  
Cause it seems if I weren't me  
You might maybe finally see  
That I'm ment for you...  
And your ment...  
For me...
