(chorus)

There must be angels of mercy
Lookin' down on me
'cause when i look up to the sky
I swear i see
Angels of mercy lookin' down on me

Well, i know what i know
And you know what you know too
And i know that you know
Exactly what i think of you
And if i were you and you were me
I wouldn't blame you for not liking me
Even though we aren't enemies

(chorus)

Time can have a way of changin'
Everything you think is right
And time can have a way of takin'
Everything you hold too tight
So you search for explanations
And you find some now and then
While the angels
They're gettin' impatient
With your experiments

(chorus)

I believe there's a power of healing
That comes with experience
I believe in believing your feelings
Even when they make no sense
But i believe that the way i'm going
I'm gonna end up too soon dead
Well, when asked to give my reasons
This is what i said

I might have used my education

If i gave a shit
I might have spoke for my generation
If i agreed with it
Now some say that i've gone crazy
But i ain't gone nowhere
Some say i'm apathetic man,
But i don't care

I admit that i'm a loser
I admit that i am scum
I admit i like cheap beer and women
As much as anyone
I don't worry about the future
Who knows what that will bring
I just wait and see what happens
And pretend i planned the whole thing
So let's see what tomorrow brings

(chorus 2x)
