I'm having a conversation with some friends i know  
Somebody i agree with no matter where i go  
Somebody i never have to wait for or try to read their  
minds  
Somebody i never have to say, "are you having a good  
time?"  
Here's to the perfect evening with me, myself and i

We'll go pick out a movie and we'll all choose the same  
one  
We'll share the same opinions after the feature's done  
Then we'll discuss our future plans and we'll all just  
ride the fence  
And we'll all agree that we're the only ones left here  
with any common sense  
Here's to stayin' inside with me, myself and i

I get so tired of all this 'me or you or me or you'  
I got better ways to spend my time with me, myself and  
i

So i asked myself, "what do you think?" and he said,  
"don't ask me"  
He'll just take both sides of any point eventually  
Then we'll have to sit here and try to compromise  
Till we're all too god damned tired for anyone to  
decide  
Here's to getting no where with me, myself and i

I get so tired of all this 'me or you or me or you'  
I hot better ways to spend my time with me, myself and  
i

Hey big mama, ain't you got no soul left in those tired  
bones?  
Hey big daddy, who you talkin' to on the bedroom  
telephone?  
Hey little mama, i could use some help tryin' to tear off  
this disguise  
And i ain't that hard to find with me, myself and i
