Hey baby in the middle of the night
There's a little light that still shines through
So remember if you start to cryin'
I will be listenin' for you
I will be listenin' for you

You go out of your way, I go out of my way too
So you can count on me, I know I count on you
Girl you know love don't always run away
Take the chance and just whisper my name

Chorus

This old heart has been through every twist and turn
Don't you know by now this bridge don't have to burn
Take the step and you ain't gonna be alone
Girl hold on to this heart of mine you own

Chorus repeats twice

Hey baby
Just remember
I will be listenin' for you
I will be listenin' for you
