Nothing to say but I keep on talking
Nowhere to go but I keep walking anyway
Night and day, it's been this way
Since the day I found you
It's getting worse every time I'm around you
What can I say, it's night and day

Oh, my day judgment was the night met
I say I don't remember but I can't forget
The only time you're on my mind this way is night and
day

I miss every time your gone for five minutes
Even if I have a dream your in it anyway
Night and day, we got a love that goes a distance
I used to wonder if that made a difference either way
It's night and day

Oh, my day judgment was the night met
I say I don't remember but I can't forget
The only time you're on my mind this way is night and
day

If I'm waking sleeping eating breathing
Making money breaking even
Bottom or the top of the world girl you're on my mind

If it's spring fall hot cold
Feast or famine young or old
Maybe not Super Bowl
But that's the only time

We got a love that goes a distance
I used to wonder if that made a difference either way
It's night and day, oh all I want to say
It's night and day
