It must be awful cold up on the moon
It's dark and it's dusty, there's nothing much to do
Maybe right now you think that's where you gotta stay
One of these nights when you feel lost and far away

(Chorus)

Someone will come someone who's been needing
someone too
Somewhere out there waiting for at chance at loving
you
And you're gonna let him
I just wish I knew how long it'll be
Before you ever see
The someone is me

You lie awake and listen for a sound
Prayin' for your angel, to just come swooping down
And even though your not expecting one to come along
Better leave the porch light burning just in case your
wrong

(Chorus)

Someone will come someone who's been needing
someone too
Somewhere out there waiting for at chance at loving
you
And you're gonna let him
I just wish I knew how long it'll be
Before you ever see
The someone is me

(Bridge)

You may not believe it when you're out there by
yourself
But there's someone whose never wanted anybody
else

(Chorus)

Someone will come someone who's been needing
someone too
Somewhere out there waiting for at chance at loving
you

And you're gonna let him
I just wish I knew how long it'll be
Before you ever see
The someone is me
