Sittin' on the front porch, nothing but time  
Missed you so bad, I'm about to go blind  
I've got the window busted and the door kicked in  
From the last time we said never again

But this time I'm going to see you coming, ain't going  
to be surprised  
Yea, this time I'm going to know what hit me right  
between the eyes  
Just one time I want to think it over before we speak our  
minds  
And I know we can make it go this time

It's a hard and heavy, Lord, day and night  
That's the way we love and that's the way we fight  
We can't stay together, can't be alone  
We can go for good but we don't stay gone

And this time I'm going to see you coming, ain't going  
to be surprised  
Yea, this time I'm going to know what hit me right  
between the eyes  
Just one time I want to think it over before we speak our  
minds  
And I know we can make it go this time

Yea, this time I'm going to see you coming, ain't going  
to be surprised  
Yea, this time I'm going to know what hit me right  
between the eyes  
Just one time I want to think it over before we speak our  
minds  
And I know we can make it go this time  
Yea, I know we can make it go this time

Yea, this time
