Everybody Likes a celebration  
Happy music and conversation  
I'd be lying if I said I didn't have the blues  
In the corner there's a couple dancing  
From the kitchen I can hear them laughing  
Oh I wish I was celebrating too

Chorus

I know this night won't last forever  
I know the sun is gonna rise sometime  
I need some hope for a bright tomorrow  
And I know this heart is gonna mend just fine

So pardon me for my disposition  
I wish I didn't have to sit and listen  
They're playing the same old songs on the stereo  
She's been lying since the day I met her  
I be better off to just forget her  
Oh I would rather be lonesome all alone

Chorus

And I know this night won't last forever  
I know the sun is gonna rise sometime  
I need some hope for a bright tomorrow  
And I know this heart is gonna mend just fine

Suddenly there's a strange vibration from my head to  
my toe  
Filling me with a strange sensation  
Somebody's telling me somebody's saying

Chorus

Repeat Choru
