With our eyes downcast, in the ring like a bull
Polite, civilized, murder
You do your best - I'll do what it takes to
Survive - a la famiglia
I used to dream that I was flying
Suspended in air like an angel
A la famiglia!

I'm still not sure who you are
Or what it is you wanted from me
I was just a kid
But I feel like one still
With a broken toy
I used to dream that I was flying
Suspended in air like an angel
A la famiglia!

Free of time
Free of space
Free of guilt
Free of pain
Free of the ghosts that haunt me still
A la famiglia
A la Famiglia

Will I be allowed to forgive myself
Take my place - take control
I am not accountable
Forgive - a la famiglia
A La Famiglia!
