I'm going to California  
turn the corner, turn the key  
unlock the secret garden  
and throw away the key  
Don't care how long it takes me  
Don't care what I have to do  
I'd crawl across the great divide  
just to get back to you  
My God, how did it ever come to this  
wallowing in my own shit  
Some birds that sing  
have to sacrifice their wings  
Can you save me  
save me from myself  
I'm going to California  
let the sun melt down my heart  
There'll be no fighting or crying  
no more stumbling in the dark  
and when all the king's horses  
and all the kings men  
come to visit me in California

I'll gladly let them in  
My God, how did it ever come to this  
wallowing in my own shit and  
Some birds that sing  
they had to sacrifice their wings  
Can you save me  
save me from myself  
I'm going to California  
turn the corner, turn the key  
lock up the secret garden  
and throw away the key
