M-E-X-I-C-O, I'm going down to Mexico
Dance all night and sing all day-o
I'm going down to Mexico

There's a place south of the border
It's got the way to make you smile
Anything you need - just order
Heaven's just a few short miles
Oh, I want to go
Oh, mama, mama, I need it bad
Oh, I gotta go before
I blow away, blow away

M-E-X-I-C-O, I'm going down to Mexico
Dance all night and sing all day-o
I'm going down to Mexico

Signorita's and Signora's
Will dress your troubles in disguise
Drink sangria, shoot tequila
Until the searing hot sunrise
Oh, I want to go
This fast living gets the best of me
Oh, daddy, daddy, don't say no
Please, I'll blow away, I'll blow away

Oh, beneath the blue skies
You and I, we will siesta
Oh, let the sun fill your shoes
And let your blues blow away
Let them blow away

M-E-X-I-C-O, I'm going down to Mexico
M-E-X-I-C-O, Mexico-a-go-go
