### "The Greatest Show On Earth"

Visit "[The Greatest Show On Earth](#)" on MotoLyrics.com

Come see the greatest show as advertised on radio  
Sell your soul to come join in the circus  
The anthem plays you stand beneath candy coated  
command  
Here, hide behind this smiling paint - that's perfect  
For the real world - what's so real about  
In the real world - don your circus habit  
It's the greatest show on earth and in heaven  
From the time of birth they taught you to believe  
and do and say and act to fulfill their desires  
And now we're all screwed up  
An overflowing alcoholic loving cup  
drink it up - jump through the ring of fire  
In the real world - what's so real about it  
In the real world - don your circus habit  
It's the greatest show on earth and in heaven  
Locked inside the lions cage for your entertainment  
Death defying fits of rage for your entertainment  
The performance of your life for your entertainment  
In the greatest show on earth and if I sell me short  
Then I'm just another severed cord  
Catatonically deaf, dumb, and simple  
In the real world - what's so real about it  
In the real world - don your circus habit  
It's the greatest show on earth
