You stepped down from Your Throne  
You made the earth Your home  
You took upon Yourself my human frame  
You sacrificed Your life so that I could go free  
While I was still in sin, You died for me

(Chorus):

Forever You are King  
High exalted above everything  
In majesty You reign  
The Lamb Who was slain  
Upon a Tree

You took my guilt and shame

Your body felt my pain  
Yes, I deserve to die instead of You  
It's more than I can bear  
The thought that my sins nailed You there  
Your death reveals true passion for the lost

(Chorus):

You rose up from the grave  
With authority to save  
In humility You won the victory  
In death You overcame  
In life You rule and reign  
For me to live is Christ, to die is gain

(Chorus):
