[Midget Verse 1]

Never back down, hold y'all ground  
If you win the war, then you gon' get the crown  
Never back down, never back off  
The odds are stacked up, I'm a step up  
They a step down, that's one less step  
They one step back, that's one less rep  
Except, repetition, competition  
Gotta hold your own  
Hold your hand high  
Chase your dream and catch it at that last mile

[Midget Hook x2]

Never again, never again, but before I go

[Midget Verse 2]

N.E.V. I'm the MVP  
L.U.V. Luis V, Luis V  
If you shootin' for the stars, then just shoot me  
But you can't even see me  
N.E.V. put the ER into E.R.  
Never again locked down behind rebar  
Concrete walls; put your face in the cement  
Forever, but never, but for never see relent

[Midget Hook x2]

Never again, never again, but before I go

[Midget Verse 3]

First draft pick, a freshman in the league  
All star running back, swags enough for me  
MarchÃ© band playin', Italian Eugenia  
100 yard gain, wit' a turf full a sea weed  
Get wit' the picture, switch the demon format  
Get to the saints', and all of us will go black  
Tell me say never, but you know I never say that  
Life is a picture, but all I'm seeing is the grey and black

[Midget Hook x2]

Never again, never again, but before I go

[Midget Chorus]  
I'm gone
