[Midget Hook]

Baby give me a sign of your love  
White flag, we gone, you've won  
I'm a let my sex drive and you ridin' shot gun  
The time just froze and she hotter than the sun

[Midget Verse 1]

Sign up for my love you're the only soul on the list  
You let our secret out, let's seal it with a kiss  
You shot me down a couple times now I gotta lisp  
Can't have wrinkled paper gotta keep it crisp  
Shoot to the top, I gotta chance at this  
I'm a get it for you, you know I'm a grab at this  
You know I love ya'  
No other  
I make it rain hide under my umbrella  
I'm your prince, you're my Cinderella  
We in a fairy tale, who cares what they tell us  
We get each other who cares if they get us  
They get off  
Who cares what they say baby we better off

[Midget Hook]

Baby give me a sign of your love  
White flag, we gone, you've won  
I'm a let my sex drive and you ridin' shot gun  
The time just froze and she hotter than the sun

[Midget Verse 2]

I see she dreaming, but she still awake  
She awake, but she dreaming real state  
I can see it through, X-ray  
Run for my dreams, NRA  
We getting' married, It's time to celebrate  
I take her to the room, It's time to serenade  
Lights low with a tall glass of Chardonnay  
We up in Mars, we can see the stars in space  
Figured out the puzzle pieces start to fall in place  
All I want for Christmas is your love  
Your love, and more love  
My heart poor out, I'm about to poor love

[Midget Hook]

Baby give me a sign of your love

White flag, we gone, you've won

I'm a let my sex drive and you ridin' shot gun

The time just froze and she hotter than the sun

[Midget Outro x2]

Your love, my heart

Your tears, my blood

Your eyes, my hands

Your devotion, my proposal
