Yea Yeah
Yeah Umm

Verse 1:

Before we begin I thought I met love
That I never knew love til now and
And before we begin I always got let down
I couldn't let go I wish I could somehow oh

Bridge:

Instead of saying leave me alone
I would say don't go
Instead of always going out
I would stay home
Cause you don't know how I feel
When I see you out with your new girl, with your new
girl
And knowing that you don't love me anymore
Makes me so...

Chorus:

Bitter cause I know I had you
And now that she has you I know that you love her
That could have been me yea yeah
I'm so bitter sitting alone in my big empty home
When I should have been with ya
But she isn't me no no

Verse 2:

I remember when you was always around
I always pushed you away
And I remember when you told me you were leaving
I wish that I knew what I know now that oh

Bridge:

Instead of saying leave me alone
I would say don't go
Instead of always going out
I would stay home
Cause you don't know how I feel
When I see you out with your new girl, with your new

girl
And knowing that you don't love me anymore
Makes me so...

Chorus:

Bitter cause I know I had you
And now that she has you I know that you love her
That could have been me yea yeah
I'm so bitter sitting alone in my big empty home
When I should have been with ya
But she isn't me no no

Verse 3:

Shoulda coulda woulda but didn't
Now that you're gone and I know what I'm missing
I know I can't fix it
I'm feeling broken inside
Hoping that one day you'll see me
And we can start it all over again
Start it all over again
