Remembrance and desperation
Drove these thoughts in my head
Blamed everyone else
All but yourselves

I swear that I thought I knew you
Hurt everyone, you dragged them all down with you
Abused our last times
Truth you know, you're a desperate kind

When you hit rock bottom
You tried taking it back, but we left you for dead
(Yeah, Yeah)
One day you'll see that manipulative man
Now I'm at rock bottom, his redrum is near
(Revenge!)
You're talk is cutting me alive

I swear that I thought I knew you
Hurt everyone, you dragged them all down with you
Abused our last times
Truth you know, you're a desperate kind

Why are you so damn curious
All wrapped up in oral revenge
Yet you have no say
Why are you so damn curious
Flat out say you're trying to cause blight
Contemplating when it will cross my mind

Why are you so damn curious
All wrapped up in your oral revenge
Yet you have no say
(Controls you)

They say that beauty's in the eye of the beholder
But your beauty tore apart our legion
(Controls you)
You brought out the beast within me
Because in all beats the heart of a lion

You are the virgin holocaust

Hate me!
