When I'm dead, I'll rest, I'll rest
When I'm dead, I'll rest, I'll rest
Admit it, you lecherous douche!

You were listening to my band in 2004 though you
claim you were reared on
The stooges Your entire facade is a line that you feed
to anorexic
Actresses
Who would have laughed at your jacked-up Navajo
haircut, less than a decade
Ago
Don't wanna hear about how the latest Rihanna single is
a post-modern
Masterpiece
Stop punishing me!
Fueled by a potent mixture of cocaine and latent
insecurity
Defining your own self-worth by the opinion of a stupid
website with Satan
As it's figurehead
Now you pass your pestilence on to your riddled and
addled children
Well my mother didn't raise no fool
God, my blood boils at the thought of you!
Poser, die!

(Again! Again! Again!)
You'll never cut me down again
(Again! Again! Again!)
You'll never cut me down
And your crap reigns down
And the crap reigns down
And the crap reigns down
And the crap reigns down

I'm sure you're proud that you've usurped the "popular
kids table"
You son of a (ineffable)
Which means you've forfeited your dubious anti-cred
by buying into your own

Inflated hype
And I don't define my enemies by the clothes they wear
or the pretentious
Bands they like
It's about how you seek to control minds, just to
appease what you've
Always lacked!

(Again! Again! Again!)
You'll never have your say again
(Again! Again! Again!)
You'll never wield those words again
(Again! Again! Again!)
You'll never have your say again
(Caught up in it! So full of it! You'll never have your say
again!)
And the crap reigns down!
And the crap reigns down!
And the crap reigns down!
And the crap reigns down!

Don't want nobody, don't need nobody but me
No ashtray-life, no ant-farm university
When I rid my skin and reveal my core, you'll see
When I perpetrate your reverse-lobotomy
You'll see

I'm all, I wanna be!
I'm all, That I wanna be!
I'm all, I wanna be!
Don't want nobody, don't need nobody but me!
I'm all, I wanna be!
I'm all, That I wanna be!
I'm all, I wanna be!
Don't want nobody, don't need nobody but me!
