Anarchy, your wish is my command  
I'll free the atom from it's cell  
And place it in your hand  
Reach beneath my coat of winter fat  
And tear my beating heart out  
With the beauty and the brat

Oh love, like a falling star I fell for you  
Do anything you want me to  
And most of all, I'd die for you  
It's true  
You touch the world and all is set askew

Anarchy, my dear  
The brazen and the queer  
We bow before you, Anarchy, my dear  
Anarchy, my dame  
I quiver at your name  
I bow before you, baby born in flames

I dream of days that we might share  
Where god's no useless effigy, of something barely  
there  
But all these kings become our clowns  
And I will serenade the choice we made, to burn the  
mother down  
Oh love, like a synonym defined by you  
Feel hope cause I'm reminded to, by you  
The fools surmise they blinded you  
It's true, your love unlearned, the broken life anew

Anarchy, my dear  
The brazen and the queer  
We bow before you, Anarchy, my dear  
Anarchy, my dame  
I quiver at your name  
I bow before you, baby born in flames

You coat me in blasphemy, well once I was so blind  
The beauty and the spacious skies, with boundaries  
undefined  
You whisper tunes in my ear drums as we lay here

entwined  
Search for love for oh so long but one day I will find  
Find you!  
Alright!

Anarchy, my dear  
The brazen and the queer  
We bow before you, Anarchy, my dear  
Anarchy, my dame  
I quiver at your name  
I bow before thee, baby born in flames

Anarchy, my dear  
The crazy and the queer  
We bow before you, Anarchy my dear  
Anarchy, my dame  
I quiver at your name  
I bow before you, baby born in flames
