Last night I woke up in the evening
Just as the sun began to fall.
Resolved to stroll down the street to your house
Just to show that I've got balls.
But when I came upon your window
I knew I'd come there far too late.
'Cause someone beat me to you,
I guess you're happy
'Cause I recognize that smile from better days...

But he put the moves on you, he put the moves on you.
The rain just won't stop pouring
Since the day he put the moves on you.
He put the moves on you!

Now every day is like a nightmare.
And at night in bed, can't help but stay awake.
It wasn't too long ago,
That I stood outside your window,
Not some handsome boy I don't know.

But he put the moves on you
He put the moves on you.
On you
The rain just won't stop pouring
Since the day he put the moves on you
He put the moves on you.
Shit.

And when he's kissing you,
Just like I always used to,
I hope it kills you,
Knowing what you did to me.
He put the moves on you,
But you will break him too.
The same as the last one
The same as the last one

He put the moves on you, he put the moves on you.
The rain just won't stop pouring since the day he put
the moves on you.
He put the moves on you (he put the moves on you)

He put the moves on you (he put the moves on you)
He put the moves on, he put the moves on you...
