Your former men would lie and steal to keep things on
and even kill

Like My name is max i've only been in bed with one or
two women

But not with you

the way you breath

the way you bleed

and brings out that something in me

i hope the door of you should leave

but please

just come on and sings these words with me Uh!

No games

No games

I don't wanna play you now

No games (No games)

No games

I don't wanna play you now

Ocean ice and spritely frame

would kill the cults who'd mar your name

you shall not shine the piece of crap

i take the whip

and not concede this

i wanna steal your heart and seek the worlds

The prison made enough for me and my girl

The sare of shock into my veins

Explain exactly how you see me now

No games

No games

No games

I don't wanna play you now

No games (No games)

No games

I don't wanna play you now

No games

No games

I don't wanna play you now

No games

No games

No I don't wanna play you now

Fine now
We're fine where we are
are where if I won't
we're down we're fine
I'm fine den myself in your arms
I know We're fine where we are
are where if I won't
we're down we're fine
I'm fine den myself in your arms
