Please run, please run
Please run away with me

Please come, please come
Please come and stay with me

I don't know what to do if once more I lose you
It will tear me in two

If you should go right now, if you should go right now
If you should go right now, I want to see you but I don't
know how

Please run, please run
Please run away with me

Please come, please come
Please come and stay with me

I don't know what to do if once more I lose you
It will tear me in two

If you should go right now
[Kenny Vasoli:] (I slit this cut in the black expanding
sky)
If you should go right now
[Kenny Vasoli:] (The rain bleeds out before my jaded
eyes)

If you should go right now
[Kenny Vasoli:] (I slit this cut in the black expanding
sky)
To live without your love I don't know how

[Kenny Vasoli:]
On and on I go in this world
I'm lusting after every empty girl
As smoke spat from the rifle slowly swirls

But I can't explain the way I feel
And all I know tonight is that it's real

I'm praying, darling:

Maybe someday we, together can be the king and
queen

[Hayley Williams:] (Make me believe you mean this)

Maybe someday we, together can be the king and
queen

[Hayley Williams:] (I'll believe this when I see it)

Maybe someday we, together can be the king and
queen of all I've seen
