You've been led on
Yes you were wrong the whole time
You've been led on
Completely wrong the whole time

They paved the way for every second of your day
It is no myth
No, it is the bible of the god
That they erected on the ashes of your neighborhood
He is looming
Like the god of blunder
"Lie, luh-lie, luh-lie luh-lie"
You sing to sing his praise
Because you're lazy
And you've been taught too much to learn

Another pawn
A pink flamingo on the lawn
Of the capital of shame
With your buried head

You've been led on
Yes you were wrong the whole time
You've been led on
Completely wrong the whole time
And only you to blame

The rodeo begins
They take us for a ride
And we are flailing
But as hard as we may buck
The king of fools is still in place and fit to rule
You fucking praise him
Yes, you Fallate him with your trust
Your parents' parents made this happen
Now eat your words and fold your napkins

Another pawn
A pink flamingo on the lawn
And that is all you will ever be
If you thought that you were free
Well, you've been lead on

You've been led on
Yes you were wrong the whole time
You've been led on
Completely wrong the whole time(Oh no!)
You've been led on
Yes you were wrong the whole time
You've been led on
Completely wrong the whole time
