Whatcha looking at, my reflection  
This is not the way we pro create  
Give me something else, benefaction  
Swollen suffering, fantasy of days

Your a pretty face  
You should like me  
I don't wanna get used by you  
Cause I'm full of hate  
Just excite me  
I don't wanna get bruised by you

The murder that marks you everyday  
The stain in your soul won't wash away  
We spit on the cross just liked we're trained  
We scowl the screw won't weigh the pain

(But I'm up for it if you are handsome, let's keep that  
morning started)

Your a party boy  
You should like me  
I don't wanna get used by you  
Cause I'm unemployed, just despite me  
I don't wanna get bruised by you

When you burn in hell  
They remind you  
All the things you screwed up in your life  
I'll be one of them, you inclined to, turn away from the  
ever glowing light

Your a pretty face  
You should like me  
I don't wanna get used by you  
Cause I'm full of hate  
Just despite me  
I don't wanna get...

You should lie with me (You should like me, your a  
pretty face)

The truth is you should lie with me (your a pretty face  
you should like me)
