One, two, three, four
And I will sing my song for you
Until the suns engulfed in rain
And its water instead of blood that is coursing through
my veins
And I will crack my spine for you
Until my legs can't hold my frame
I will fall onto my knees and will hang my head in
shame
And I'll say
Yeah come again now good things don't make sense
anyhow
Yeah come again now my words don't mean much
anyhow
And I will sing my song for you until you look me in the
face
Press your lips against my own so I know just the way
you taste
And I will sing my song for you until the bombs wipe out
the clouds
I will stand against the ruins and I will scream your
name out loud
And I'll say
Yeah come again now good things don't make sense
anyhow
Yeah come again now my words don't mean much
anyhow
Cause soon you'll be leaving me for another one
You'll be leaving me for another one
You'll be leaving me for another one
And you'll be leaving me
And I'll say
Yeah come again now good things don't make sense
anyhow
Yeah come again now my words don't mean much
anyhow
Yeah come again now good things don't make sense
anyhow
Yeah come again now my words don't mean much
anyhow
