This is the house of Crows  
You can see the darkness of the night, although by day  
When the rain falls, you feel the steam of Hell  
Is a temple where they are sodomized  
Many virgins who come with dreams  
Of spiritual liberation

Ohh.. birds of the nightfall are in your house  
Have witnessed the cruelty of sacrifice

The Earth is full of blood  
That will be glorified by Lucifer  
Dawn is falling down, but even by day the forest is very  
dark

My cold screams Iâ€™m still alive?  
Or Iâ€™m already dead?

Take me if you want, Iâ€™m Leviathan  
Iâ€™m the forest Guardian  
My soul is vanishing  
Wolves howling obsess me and lead me to suicide  
Another evening ends you fell the smell of blood  
The skeletal trees speak, but itâ€™s just the whisper of  
the wind  
More virgins have been, sacrificed, sacrificed,  
sacrificedâ€™!
