Lord of the Night  
Satan antichrist  
Blasphemy is your language  
Pentagram is your sign  
Sacrifice you want against the Christians  
I know I am the one  
You choose me that night  
Between the bleeding ritual

Its moonlight, time to die, Sathanas  
Take me inside to your mind  
Let's get some Christians souls

Midnights come back again  
Jehovas whores praying for hell  
The ninth circle its already open  
I offer the blood of these Christians  
I feel you in my veins full of evil  
I kneel in front of you, in your infernal throne

Sathanas!!!, its moonlight, time to die  
Take me inside to your mind  
Let's get some Christians souls
