I am travelling the road to nowhere
But I'm still standing with broken bones
Chasing illusions, a call for salvation
Distant voices and no reply

You let me see, what I want to see
You let me feel, what I want to feel
You build me up, just to tear me down
An everlasting rise and fall

You are the tear in every moment
A sigh in every breath
You are the tear in every moment
A moment that I want to last

You are the tear in every moment
A sigh in every breath
You are the tear in every moment
I find you everywhere

You are the tear in every moment
A sigh in every breath
You are the tear in every moment
A moment that I want to last

Can't get you out, out of my system
I can't wash it all away
The last thoughts I want to shake off
Are here for me to stay

Give me another day

You are the tear in every moment
A sigh in every breath
You are the tear in every moment
I find you everywhere
You are the tear in every moment
A sigh in every breath
You are the tear in every moment
A moment that I want to last

A moment that I want to last
