I never thought it would be easy,
But I... m not afraid to walk this way alone,
I want to feel you completely,
Immerse into your soul,
So many steps I had to take,
Leading me there,
So many things I had to shake,
Blurring like smoke rings in the air,
Fading like smoke rings in the air,
Your fire is burning me,
Your fire sets me free,
I will fall to ashes,
And be born again,
This fire is burning me,
The only way to see,
What lies beneath your sky,
I... m ready to rise again,
Your fire is burning me,
Everything is turning free,
I will fall to ashes,
And be born again,
I... m ready to rise again,
Our fate makes decisions,
She says: Believe it, or turn away,
Isolation and obsession,
A circle you cannot break,
Love and death are everywhere,
The cycle starts again,
Once you... ve got chosen,
Catch the fire within,
This fire keeps burning,
It... s burning me, this fire sets me free,
I will fall to ashes, and be born again,
This fire is burning, this fire sets me free,
I will fall to ashes and be born again,
Your fire is burning me,
Your fire sets me free,
I will fall to ashes,
And be born again,
This fire is burning me,
The only way to see,

What lies beneath your sky,
I... m ready to rise again,
Your fire is burning me,
Everything is turning free,
I will fall to ashes,
And be born again,
I... m ready to rise again,
I... m ready to rise again,
I... m ready to rise again
