Oh my god I turn to face,
The firing squad is taking their aim
I will not die.

Father, disgrace in front of me has wakened this
disaster
Father I can't get through to you because we're chasing
after
We're marching on and we are soldiers
We're marching on cause it's not over

You're reaching, out but sinking
Walking with wolves for power
You take an act that can fool

Oh my god, the darkest days are hitting me hard
And taking my life. I'm feeling dead
I will strike again and take back what's mine

Father, disgrace in front of me has wakened this
disaster
Father I can't get through to you because we're chasing
after
We're marching on and we are soldiers
We're marching on cause it's not over

We can hear the enemy. We can be men now
We can feel the enemy. We can be men now
We can see the enemy. We can be men now

Father, disgrace in front of me has wakened this
disaster
We're marching on and we are soldiers
We're marching on cause it's not over

Father, disgrace in front of me has wakened this
disaster
Father I can't get through to you because we're chasing
after

I say take me. Blood has been shed,

Please end this misery. I am the cause
I am invincible. Blood has been shed.
